Vote Labour for a brighter future for Newquay Porth & Tretherras

It is more difficult than ever for young people to get onto the property ladder due to low wages and ever rising prices.

My Pledge

I will campaign to ensure that new local developments provide a greater proportion of genuinely affordable housing, and Cornwall Council expands its own provision of affordable houses to rent or buy

The pandemic has highlighted 10+ years of underfunding in our public services. It has thrown light on the working conditions in many of the roles that society relies on.

My Pledge

I will continue to fight to protect our NHS, mental health support & our care workers. I will work to improve the terms & conditions of our key workers, improve access to education and support any initiative that supports life chances.

There were high profile victories by Labour Councillors who led the way by declaring the Climate Emergency and committing to 2030 carbon neutrality but there is much more to do.

My Pledge

I will work with other councillors on policies to green Cornwall; improving the energy efficiency of social & council housing, making recycling work for residents, & powering Cornwall with clean green energy.

Joey Bishop

Labour Candidate for
Newquay Porth & Tretherras

Vote Labour for a brighter future for Newquay Porth & Tretherras

I was born in St Austell where my family still live, I work in care and I have a 8 month old son. I know what it is like to grow up in Cornwall, wanting to stay but struggling with insecure work and high housing costs.

Like many young people, I was enthused to join the Labour Party after I heard Jeremy Corbyn first speak when he stood as Leader of the Labour Party. His condemnation of austerity & his vision for the future resonated with me and gave me hope.

Immediately I became involved with the local Party and have been held several committee positions since. I was privileged to be the Youth Delegate at two Labour Conferences representing St Austell & Newquay members.

I want to know your views so please complete my Residents' Survey:

www.newquayporthtretherras.com

I am standing for Labour in Newquay Porth & Tretherras because the pandemic has highlighted what we already know of the inequalities across our area and I want to work alongside you on the issues that are important to you: our coastal environment, the climate crisis, transport & infrastructure, housing, education and employment.
