Cooperative Party

CRMC Coventry

My name is Rupinder Singh, and in the last ten years, I have shown in my work that I am a dedicated, hard-working and honest driven person. I have worked within the Labour Party on various roles from ICT officer of the Branch to now CLP Secretary and a City Councillor. At every level I have shown to make tangible positive changes wherever I operate.

My ward Lower Stoke and CLP (Cov NE) are the best in Coventry, because we do things in an open, transparent way for the members. We do more open meetings in my CLP for all Labour Party members then probably anywhere else in the country, and we invite more speakers than any other CLP.

As a BAME Labour party member my aim on the NEC is to promote and progress diversity within the Labour party and to ensure that there is equality of opportunity and equality of access for all members. We know racism exists, and it is on the rise. We need strong voices on the NEC that not only represent all members but take action against prejudices and discrimination that blight and restrict people's lives and ambitions.

I truly believe that the Labour Party's real asset is its member and our power is the wisdom which flows in our movement. We have some of the finest mind and some of the most committed people in our Party, and if we can bring everyone together then, we have all reason to have a more successful outcome in the future.

As a BAME person, I care a great deal to make the workings of the Labour Party fair. I work with all section of our Party to bring cooperation and solidarity in our own house. We must be " A good force of Governance ", on every level. As a BAME Rep, my priority will be making workings of the Party more transparent, open and democratic, only then will we have a truly progressive feel in the Party.

We are stronger united, and we must support each other to build a fairer party and world where everyone can flourish.

**I will work with you to make our party behave
democratically and fairly so everyone can flourish**
